

Garda low table is available in HPL Compact, aluminum, iroko wood or Dekton top

TECHNICAL DATA

GARDA LOW TABLE
Designer: Joan Gaspar

65x65 cm
25.6x25.6"

LEGS	Material Finish	Aluminum Polyester powder coating
TABLE TOP	Material	Extruded aluminum , polyester powder coating Iroko Wood Dekton Porcelain 8mm Hpl Compact 10mm.: Solid phenolic core laminate. HPL and Dekton for its self has supporting capability, resistance to humidity, strength and dimensional stability. Resistant to cigarettes burns, staining, chemicals and abrasion.
PAINTING COLORS	Powder coating colors	More than 15 available p. coating colors in our Bivaq current catalog.
ADDITIONAL ITEMS	Waterproof cover	
MAINTENANCE	Powder coating aluminum Dekton, HPL Compact Iroko wood	Clean the surface regularly with warm water and neutral soap. Use a non-abrasive sponge or cloth. Rinse with plenty of water immediately after cleaning. Iroko may change color or even crack due to humidity levels and sudden changes in temperature. Iroko undergoes a natural process of oxidation that affects its color, which turns a silver-grey shade. Iroko furniture is treated with a waterproof sealant. We recommend treating the wood twice a year: 1. Dampen a rag with soap solution and gently wipe the surface of the wood. The soap solution will free the surface of dust and contaminating agents from pollution. 2. Once the soap solution has dried we will proceed to the application of the Cromaprotect water based re-toner. Dampen a sponge with the re-toner and apply onto the surface of the wood you want to treat.
BOX WEIGHT-VOLUME		Kg (aluminum) / Kg (compact) / Kg (iroko) / Kg (dekton) - 0,06m ³
OTHERS		Suitable for outdoor use. Resistant to weathering and sunlight
COUNTRY OF ORIGIN		Designed and Manufactured in Barcelona, Spain
